LIBRARY MAPATHON · SIGN IN

Welcome! Please sign in

Date: _____

DRI Lab, Bender Library

Sign in so we know who came. Check a box if you'd like a reminder before next month's session or, if you're a student, if you'd like to hear about relaunching **AU YouthMappers**, our chapter of the global student mapping network. No commitment.

Name	Email	Student, faculty or staff? Department	OSM username (optional)	Remind me next month	AU YouthMappers interest (students)

On your way out, please scan the exit survey code on your table. We use your information only to contact you about future mapathons; your OSM username lets us credit your edits. We may take a group photo for the library's news page and social media: if you'd rather not be in it, tell the host or step out of the frame, and we won't post names with a photo without asking. Geospatial Research Lab, American University Library.
